Abstracts

Spirit is an alcoholic beverage produced by distillation (method of separating constituent substances from a mixture of liquid by making use of condensation and vaporization process) of a mixture generated from alcoholic fermentation. The process of distillation is utilized to purify the mix and to take away diluting components such as water from the mix for the reason of escalating its fraction of alcohol content.

The Spirits market revenue was xx Million USD in 2016, grew to xx Million USD in 2020, and will reach xx Million USD in 2026, with a CAGR of xx during 2020-2026.
