Abstracts

The table tennis table is an old-fashioned table tennis table for table tennis. The table top can be made of any material (international regulations should be made of solid wood). It has certain elasticity. The upper surface is called the competition table. It is 2.74 meters long, 1.525 meters wide and 76 centimeters from the ground. The parallel plane of the horizontal plane is dark (the international competition should be painted or painted by dark ink green cellulose), dull, the sides of the table are 2 cm wide white line, the long edge line, the short end line. In the center of the countertop, there is a 3 mm wide white line, called the center line, which divides the two sections into two parts (the center line itself should be regarded as part of the right half).

Based on the Table Tennis Tables market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.
