Abstracts

Tequila is a regional distilled beverage and type of alcoholic drink made from the blue agave plant, primarily in the area surrounding the city of Tequila. Aside from differences in region of origin, tequila is a type of mezcal. The distinction is that tequila must use only blue agave plants rather than any type of agave. Tequila is commonly served neat in Mexico and as a shot with salt and lime across the rest of the world. Mezcal is a type of tequila, mainly produced in Oaxaca, southern Mexico.

Based on the Tequila & Mezcal (Spirits) market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.
