Abstracts

The ukulele originated in the 19th century, a small guitar-like instrument introduced to Hawaii by Portuguese immigrants, mainly from Madeira and the Azores. It was popular in other parts of the United States in the early 20th century and spread from there to the international. The pitch and volume of the instrument vary with size and structure. Based on the Ukulele market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.
