## Abstracts

Vetiver oil is an essential oil obtained from the roots of vetiver, a plant which is native to India and is known for its perfumery and medicinal value since ancient times. The oil is known to be one of the most complex blends of hydrocarbons and sesquiterpene alcohols and is also one of the most viscous natural oils known to the mankind with a very slow rate of volatility.

Based on the Vetiver Oil market development status, competitive landscape and development model in different regions of the world, this report is dedicated to providing niche markets, potential risks and comprehensive competitive strategy analysis in different fields. From the competitive advantages of different types of products and services, the development opportunities and consumption characteristics and structure analysis of the downstream application fields are all analyzed in detail. To Boost Growth during the epidemic era, this report analyzes in detail for the potential risks and opportunities which can be focused on.

In Chapter 2.4 of the report, we share our perspectives for the impact of COVID-19 from the long and short term.

In chapter 3.4, we provide the influence of the crisis on the industry chain, especially for marketing channels.
