Abstracts

Adacel Technologies Limited - Strategy, SWOT and Corporate Finance Report

SUMMARY

Adacel Technologies Limited - Strategy, SWOT and Corporate Finance Report, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

KEY HIGHLIGHTS

Adacel Technologies Limited (Adacel) is a provider of simulation and control systems. The company develops simulation and software applications and related services. It operates in the global aerospace systems market providing solutions such as operational air traffic management, airport and air traffic control training, and airborne vehicle systems. It focuses on the domains such as real time software, simulation and voice activated control technology. It also supplies air traffic control simulation solutions, besides providing simulators for the training of air traffic controllers in both civil and defense environments, and for research, planning and modeling of air traffic procedures. It offers real-time, mission critical, satellite-based air traffic management automation software. It also provides air traffic management products and services for various air traffic domains, including oceanic, enroute, approach, and tower. Adacel is headquartered in Melbourne, Victoria, Australia.
