Abstracts

The Emerging 5 Aerospace & Defense industry profile provides top-line qualitative and quantitative summary information including: market size (value , and forecast to 2029). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

These countries contributed \$77,196.3 million to the global aerospace & defense industry in 2024, with a compound annual growth rate (CAGR) of 7.5% between 2007 and 2011. The top 5 emerging countries are expected to reach a value of \$94,349.3 million in 2029, with a CAGR of 4.1% over the 2024-29 period.

Within the aerospace & defense industry, China is the leading country among the top 5 emerging nations, with market revenues of \$30,665.9 million in 2024. This was followed by India and Mexico with a value of \$27,006.5 and \$16,717.9 million, respectively.

China is expected to lead the aerospace & defense industry in the top five emerging nations, with a value of \$35,588.9 million in 2029, followed by India and Mexico with expected values of \$33,174.5 and \$22,689.6 million, respectively.

Scope

Save time carrying out entry-level research by identifying the size, growth, major

segments, and leading players in the emerging five aerospace & defense market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the emerging five aerospace & defense market

Leading company profiles reveal details of key aerospace & defense market players' emerging five operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the emerging five aerospace & defense market with five year forecasts

Compares data from Brazil, China, India, Mexico and South Africa, alongside individual chapters on each country

Reasons to Buy

What was the size of the emerging five aerospace & defense market by value in 2024?

What will be the size of the emerging five aerospace & defense market in 2029?

What factors are affecting the strength of competition in the emerging five aerospace & defense market?

How has the market performed over the last five years?

What are the main segments that make up the emerging five aerospace & defense market?
