Alternative Networks Plc - Strategy, SWOT and Corporate Finance Report

SUMMARY

Alternative Networks Plc - Strategy, SWOT and Corporate Finance Report, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

KEY HIGHLIGHTS

Alternative Networks Plc (Alternative) is a provider of information technology (IT) solutions and telecommunications managed services. The company offers a comprehensive range of solutions such as virtualization, cloud based services, mobile, systems, managed hosting, software development, fixed voice, IP networks and complex billing software solutions. It specializes in design, implementation, migration and management of software applications and IT infrastructure for mission critical systems. It also provides data center, and cloud and utility services. The company offers specialist hardware and application monitoring and management services. Its solutions find applications in various industries including financial services, healthcare, charity, retail, construction, professional services and media. Alternative is headquartered in London, the UK.

In May 2015, the company consolidated its group companies and unify its brands under one name, Alternative, which would integrate its broadening portfolio and improve its operational functions.
