The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The consumer electronics retail market comprises the sales of communications equipment, computer hardware and software, consumer electronics, household appliances, and photographic equipment.

The Asia-Pacific consumer electronics market had total revenues of \$626.7 billion in 2022, representing a compound annual growth rate (CAGR) of 5.4% between 2017 and 2022.

The communications equipment segment accounted for the market's largest proportion in 2022, with total revenues of \$330.6 billion, equivalent to 52.7% of the market's overall value.

In 2022, the consumer electronics market experienced a slight contraction due

to smartphone saturation and a rebound in computing device demand. The economic slowdown, inflation, and increased energy prices contributed to decreased consumer spending on home entertainment equipment, resulting in a dip in the market.
