KEY HIGHLIGHTS

The construction market is defined as the value of work put in place annually for both, residential and non-residential construction.

The Australian construction industry registered total revenues of \$165.2 billion in 2022, representing a negative compound annual growth rate (CAGR) of 0.8% between 2017 and 2022.

The non-residential construction segment accounted for the industry's largest proportion in 2022, with total revenues of \$107.6 billion, equivalent to 65.1% of the industry's overall value.

The slow growth in 2022 can be attributed to macroeconomic factors, which greatly impacted the Australian construction industry.
