Understand the legal landscape in Australia through analysis of the judicial system as well as performance of the legal indicators

Understand the environmental landscape in Australia through analysis of the environmental regulations and the performance of the environmental indicators

Scope

The political landscape section discusses the evolution of the political scenario in Australia, as well as the country's economic, social, foreign, and defense policies. The section also discusses the country's performance according to World Bank Governance Indicators.

The economic landscape section outlines the evolution of Australia 's economy, as well as the country's performance in terms of GDP growth, composition by sector (agriculture, industry, and services), fiscal situation, international investment position, monetary situation, credit disbursement, banking sector, and employment.'

The social landscape section analyzes the government's social welfare policies, as well as the country's performance in terms of healthcare, income distribution, and education.

Reasons to Buy

What is the outlook in Australia in terms of political stability, policies towards business, and the popularity of the government?

How does Australia perform in terms of GDP growth, its fiscal situation, international investment position, monetary situation, and employment?

How does Australia perform in terms of healthcare, income distribution, and education?

How does Australia perform in terms of technology-intensive sectors like IT, life sciences, and R&D expenditure trends?
