Abstracts

Automotive Aftermarket in Turkey

SUMMARY

Automotive Aftermarket in Turkey industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2013-17, and forecast to 2022). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Essential resource for top-line data and analysis covering the Turkey automotive aftermarket market. Includes market size and segmentation data, textual and graphical analysis of market growth trends, leading companies and macroeconomic information.

KEY HIGHLIGHTS

The Automotive Aftermarket sector includes the sale of automotive components for use on vehicles after first purchase.

The Turkish automotive aftermarket sector is expected to generate total revenues of \$14bn in 2018, representing a compound annual growth rate (CAGR) of 9.2% between 2014 and 2018.

Sector consumption volume is forecast to increase with a CAGR of 2.3% between 2014 and 2018, to reach a total of 234.5 million units in 2018.

One of the key driving factors for growth within the Turkish automotive aftermarket sector is the large number of ageing vehicles within the region. As a vehicle ages it often requires services and new components to prolong its

durability and performance.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the automotive aftermarket market in Turkey

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the automotive aftermarket market in Turkey

Leading company profiles reveal details of key automotive aftermarket market players' global operations and financial performance
