## Abstracts

Automotive Manufacturing in NAFTA - Industry Chartbooks

### SUMMARY

The Automotive industry is a huge industry, spread across the globe. In addition to its own output, it supports thousands of complimentary industries and millions of jobs. With increased automation, a growing focus on environmental sustainability and in the face of the covid-19 pandemic, the industry is fast-moving and facing an uncertain future.

### KEY HIGHLIGHTS

NAFTA has the largest regional share of the market, and its dominance is only expected to increase in the future.

The United States has the largest market share in the region.

The trucks segment is the largest in the industry.

### SCOPE

This report is a chartbook, which collects large datasets and displays them as easy-to-understand graphics and charts.

It identifies the largest country economies in a particular geography or grouping by 2019 nominal GDP.

It details the construction industries across a group of countries, providing historical market data, forecasts, segmentation, an overview of the leading players and a discussion of the impact of Covid-19 on the industry.

## **REASONS TO BUY**

Provides an overview of the global and regional automotive markets.

Provides market values and forecasts to 2024.

Details the segmentation of the market in each of the largest economies in the group.

Provides details on the leading companies in the industry, including financial performance indicators.

Discusses the impact of the ongoing Covid-19 pandemic on the industry.
