BRIC Countries (Brazil, Russia, India, China) Construction Materials Market
@Summary, Competitive Analysis and Forecast, 2017-2026

SUMMARY

The BRIC Construction Materials industry profile provides top-line qualitative and quantitative summary information including: market size (value 2017-21, and forecast to 2026). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

Brazil, Russian Federation, India and China (BRIC) are the emerging and fast growing countries within the construction materials industry and had a total market value of \$767,575.2 million in 2021. China was the fastest growing country with a CAGR of 6.8% over the 2017-21 period.

Within the construction materials industry, China is the leading country among the BRIC nations with market revenues of \$654,608.6 million in 2021. This was followed by India, Russia and Brazil with a value of \$85,929.1, \$16,746.0, and \$10,291.4 million, respectively.

China is expected to lead the construction materials industry in the BRIC nations with a value of \$933,928.9 million in 2026, followed by India, Russia, Brazil with expected values of \$135,689.2, \$19,349.6 and \$14,158.1 million, respectively.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the BRIC construction materials market

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the BRIC construction materials market

Leading company profiles reveal details of key construction materials market players' BRIC operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the BRIC construction materials market with five year forecasts

Compares data from Brazil, Russia, India, and China, alongside individual chapters on each country

REASONS TO BUY

What was the size of the BRIC construction materials market by value in 2021?

What will be the size of the BRIC construction materials market in 2026?

What factors are affecting the strength of competition in the BRIC construction materials market?

How has the market performed over the last five years?

What are the main segments that make up the BRIC construction materials market?
