Summary

Car Rental in Canada industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The car rental market is defined as revenues generated by car rental companies for self-drive cars for hire. The market value includes car rentals for business, leisure purposes, and insurance replacement. Market volumes represent the size of the rental car fleet (absolute unit) within the respective countries. The calculation excludes leasing and long-term rentals. Taxis/cabs or other passenger vehicles driven by drivers are excluded from the calculation. Distribution channels are divided into airport and non-airport locations, with a focus on leisure and business segments. Other distribution channel represents the value of the fleet rented for insurance purpose.

The Canadian car rentals market had total revenues of \$2.1 billion in 2022, representing a negative compound annual growth rate (CAGR) of 0.9% between 2017 and 2022.

Market consumption volumes declined with a negative CAGR of 1% between

2017 and 2022, to reach a total of 190,156.0 cars in 2022.

The leisure segment accounted for the market's largest proportion in 2022, with total revenues of \$1.4 billion, equivalent to 68% of the market's overall value.
