The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The value of the management & marketing consultancy market in this report has been calculated as the total revenues received for the provision of corporate strategy services, operations management services, information technology solutions, human resource management services and outsourcing services. The other segment includes any revenue accrued through any other service within this industry, i.e., finance & risk services, sales & marketing services, etc.

The Canadian management & marketing consultancy market had total revenues of \$7.8bn in 2021, representing a compound annual rate of change (CARC) of -0.8% between 2016 and 2021.

The operations management segment was the market's most lucrative in 2021,

with total revenues of \$2.6bn, equivalent to 33.9% of the market's overall value.

Demand for management and consultancy services was reduced throughout the COVID-19 pandemic, as businesses cut expenditure on external services and focused on improving liquidity wherever possible.
