Canada Non-Life Insurance Market Summary, Competitive Analysis and Forecast to 2027

SUMMARY

Non-Life Insurance in Canada industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The non-life insurance market consists of the general insurance market segmented into motor, property, liability and other insurance. The other segment is made up of non-life insurance products including health, travel, and accident cover among others. The value of the non-life insurance market is shown in terms of gross premium incomes. Gross premium income is defined as the insurer's premium income for the year from its policies, calculated without reduction for reinsurance premiums paid or payable by the insurer.

The Canadian non-life insurance market had total gross written premiums of \$102.9 billion in 2022, representing a compound annual growth rate (CAGR) of 8.6% between 2017 and 2022.

The Property segment accounted for market's the largest proportion in 2022, with total gross written premiums of \$39.3 billion, equivalent to 38.2% of the

market's overall value.

In 2022, the growing inflation raises the cost of insurance for consumers and for non-life insurance businesses in particular, inflation helps to drive higher claim costs.
