International Zeolite Corp. Company Profile and SWOT Analysis

Summary

International Zeolite Corp. Company Profile and SWOT Analysis, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

Key Highlights

International Zeolite Corp (International Zeolite), formerly Canadian Zeolite Corp, is an exploration company. Its core business activities include the acquisition, exploration and evaluation of zeolite mineral properties. The company conducts its business activity through Sun Group, and Bromley Creek projects in British Columbia. Zeolite is used in various applications such as odour control, soil amendment, animal feed, waste remediation, water filtration & treatment, artificial turf infill, traction control, and construction. The company distributes zeolite in domestic and international markets through a distribution agreement with Absorbent Products Ltd (APL). Its supply relations are in USA, Europe, and Cuba. International Zeolite is headquartered in Toronto, Ontario, Canada.
