Abstracts

Antwerp City %li%Comprehensive Overview, PEST Analysis and Analysis of Key Industries including Technology, Tourism and Hospitality, Construction and Retail

Summary

“City Profile – Antwerp” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Antwerp.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

Antwerp is an important trade center in Belgium and has one of the largest seaports in Europe. Antwerp is known for its continuous developments in digital innovation and circular economy. During 2019-23, the area's real GDP grew at an annual average rate of 1.3%, supported by private consumption. To secure its strategic role as a world port in the future, the Port of Antwerp-Bruges emphasized sustainable growth as a priority, planning a major investment program for the next 10 years despite economic challenges faced in 2023

Scope

The service sector remains the key contributor to the regional economy – and the major employer.

Antwerp is a key tourist destination for both domestic and international tourists and experienced notable growth in 2022, particularly in the catering industry and tourist attractions. The city's status as a global fashion and retail district, combined with its array of unique attractions, churches, and historical monuments, continues to draw large crowds each year.

Reasons to Buy

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure.

Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
