Abstracts

City Profile Belgrade; Comprehensive overview of the city, PEST analysis and analysis of key industries including technology, tourism and hospitality, construction and retail

Summary

“City Profile Belgrade” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Belgrade.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

Belgrade district is largest economic region in Serbia and accounted for 38.4% of the country’s total GDP in 2022. Belgrade district was home to 1.70 million people and accommodated 25.2% of the country’s population in 2022. Increased focus on infrastructural projects, high foreign exchange reserve and better investment opportunities in the district is expected to have a significant positive effect on the area’s economy post pandemic

Scope

The service sectors remain the key contributors to the regional economy and the major employers.

Belgrade is a key tourist destination in Serbia for both domestic and international tourists. The tourism and hospitality sectors recovered in 2022 owing to relaxation of border restrictions and overall development in general transport and hotel capacities in the city

Reasons to Buy

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure.

Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
