## Abstracts

Chicago City Profile - Comprehensive Overview, PEST Analysis and Analysis of Key Industries including Technology, Tourism and Hospitality, Construction and Retail

### SUMMARY

“City Profile - Chicago” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Chicago.

Chicago is the largest and most populous city in Illinois state. The city has a significant financial influence, accounting for 3.3% of national GDP in 2020. Robust growth of the tertiary sector, improvements in professional / business services and real estate are expected to be major drivers of growth.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

### SCOPE

The service sectors remain the key contributors to the regional economy - and the major employers.

Chicago is one of the key tourist destinations for both domestic and international

tourists. The tourism and hospitality sectors experienced healthy growth in recent past. Strong performance is observed in the construction sector with increasing employment, number of building permits issued and building completions.

## **REASONS TO BUY**

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure.

Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
