## Abstracts

Delhi - Comprehensive Overview of the City, PEST Analysis and Key Industries including Technology, Tourism and Hospitality, Construction and Retail

### SUMMARY

“City Profile - Delhi” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Delhi.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

Delhi is second most populous and one of the fastest growing cities in India. The city is a key financial and technology center of India. The region's economy is dominated by the services industries such as software, financial institutions, consulting, business services, banking services, wholesale and retail trade, telecommunications and is home to a number of national and international companies

### SCOPE

Delhi NCT accounted for around 4.0% of the country's GDP in 2021. The economic growth in capital is primarily supported by banking, financial services, and insurance (BFSI), construction and real estate, IT, tourism, and logistics. The NCT is also a dominant trading and commercial center. Many consumer goods industries have established manufacturing units and headquarters in

## Delhi NCT

### REASONS TO BUY

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure.

Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
