London City %li%Comprehensive Overview, PEST Analysis and Analysis of Key Industries including Technology, Tourism and Hospitality, Construction and Retail

Summary

“City Profile %li%London” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting London.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

London is the capital and the most populous city in the UK. The city has huge financial influence. The city, a major global financial center is a hub for global foreign exchange, featuring international bond and fund management operations. London faced challenges from global economic repercussions of the Ukraine war, inflation, and a cost of living crisis. Despite these challenges, the city's diverse economy and global status helped the economy to grow in 2022.

Scope

The tertiary sector remains the key driver of the area's economy, accounting for the share of 92.4% in 2022.

London is a key tourist destination for both domestic and international tourists and experienced healthy growth in 2022. London, a vibrant cultural and entertainment hub, actively promotes tourism through London & Partners, focusing on regional, national, and international marketing. The 2030 London Tourism Vision aims to enhance visitor satisfaction, addressing gaps compared to global competitors.
