Abstracts

Ruhrgebiet - Comprehensive Overview of the City, PEST Analysis and Key Industries including Technology, Tourism and Hospitality, Construction and Retail

SUMMARY

'City Profile - Ruhrgebiet' provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Ruhrgebiet.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

Ruhrgebiet metropolitan area is a part of North Rhine-Westphalia state in Germany. The area is a key educational center with the highest number of university students per resident and most universities and colleges in the state. The area's key economic sectors are trade, health, information technology, transport and logistics after undergoing a structural change from a mining driven economy

SCOPE

The service sector is the key contributor to the area's economy and major employer.

Ruhrgebiet is a key tourist destination in Germany, for both domestic and international tourists.

REASONS TO BUY

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure. Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
