## **Abstracts**

Vancouver City Profile - Comprehensive Overview, PEST Analysis and Analysis of Key Industries including Technology, Tourism and Hospitality, Construction and Retail

### **SUMMARY**

“City Profile - Vancouver” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Vancouver.

Vancouver is one of the most populous cities in Canada and has a considerable impact on the national economy. The city contributed about 7% of the national economy. Rapid growth in the industry and tertiary sectors and improvements in tourism, mining, natural gas production and forestry are expected to be major drivers of growth.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

### **SCOPE**

The Industry and service sectors remain the key contributor to the regional economy - and the major employers.

Vancouver is one of the key tourist destinations in Canada for both domestic

and international tourists and witnessed a significant growth. Strong performance is observed in the construction sector with increasing employment, number of building permits issued and building completions.

## **REASONS TO BUY**

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure.

Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
