## Abstracts

Venice - Comprehensive Overview of the City, PEST Analysis and Analysis of Key Industries including Technology, Tourism and Hospitality, Construction and Retail

### SUMMARY

“City Profile - Venice” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Venice.

Venice metropolitan city is a wider part of the Veneto region. The economy of the Venice metropolitan city has been supported by the tourism sector and export industries. The tertiary sector contributed the most to the area's GVA in 2020, accounting for 75.91% share. The improvement in the professional and business services, manufacturing and construction sectors is expected to have a significant positive effect on the city's economy over the next decade

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

### SCOPE

The service sector remains the key contributor to the city's economy - and the major employer.

Venice is a key tourist destination in Italy for both domestic and international tourists.

## **REASONS TO BUY**

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure.

Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
