Washington DC City Profile - Comprehensive Overview, PEST Analysis and Analysis of Key Industries including Technology, Tourism and Hospitality, Construction and Retail

SUMMARY

“City Profile - Washington DC” provides historical and forecast data on key city level metrics along with analytical coverage of the latest political, economic, social, technological, infrastructural, legal and environmental issues affecting Washington DC.

Washington, the capital city of the US. Washington metropolitan area is the sixth-largest metropolitan area in the US and has a significant political and economic importance to the national GDP. The area’s economy accounts for 2.6% of the total national GDP. Improvements in professional / business services and real estate are expected to be major drivers of growth.

The report contains detailed tourism, retail, construction, technology and public infrastructure data and insight into economic, social, and industry trends.

SCOPE

The service sector remains the key contributor to the regional economy and the major employer.

Washington is among the key tourist destinations in the US for both domestic and international tourists and experiencing a healthy growth. Strong performance is observed in the construction sector with increasing employment, number of building permits issued and building completions.

REASONS TO BUY

Gain a comprehensive knowledge of future economic and demographic trends and understand the performance of various sectors within the city.

Analyze and understand the business environment in the city to align your investment and expansion strategies.

The report helps to drive a conclusion in choosing a suitable city to invest or expand according to your business structure.

Explore new opportunities in the hospitality, tourism, construction, real estate and retail sectors.
