Construction Materials in the United Kingdom

Summary

Construction Materials in the United Kingdom industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value 2018-23, and forecast to 2028). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The construction materials market consists of cement, aggregates, and bricks.

The UK construction materials market recorded revenues of \$4.5 billion in 2023, representing a compound annual growth rate (CAGR) of 1% between 2018 and 2023.

The aggregates segment accounted for the market's largest proportion in 2023, with total revenues of \$2 billion, equivalent to 44.1% of the market's overall value.

The poor growth of the UK building material market in 2023 is due to a combination of economic concerns, regulatory and policy obstacles, supply chain disruptions, labor market limits, housing market dynamics, and technical barriers.
