CSX Corporation. Company Profile and SWOT Analysis

Summary

CSX Corporation. Company Profile and SWOT Analysis, is a source of comprehensive company data and information. The report covers the company's structure, operation, SWOT analysis, product and service offerings and corporate actions, providing a 360° view of the company.

Key Highlights

CSX Corporation (CSX or 'the company') is a transportation company that provides rail-based freight transportation services. The company offers the transport of intermodal containers and trailers, traditional rail service, and other transportation services, including bulk commodity operations and rail-to-truck transfers. It transports agricultural and food products, forest products, chemicals, metals and equipment, automotive products, fertilizers, and minerals. The company also transports domestic coal, coke and iron ore to steel manufacturers and industrial plants, electricity-generating power plants and export coal to deep-water port facilities. CSX manages its business through various subsidiaries and primarily operates in the US and Canada. The company is headquartered in Jacksonville, Florida, the US.
