Employment Services in France

Summary

Employment Services in France industry profile provides top-line qualitative and quantitative summary information including: market size (value 2018-23, and forecast to 2028). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The employment services market covers temporary and contract staffing services. Temporary staffing is where agencies supply workers to clients temporarily, whereby the workers remain employees of the agency. Permanent staffing is where agencies recruit workers on behalf of clients, with these workers going on to become employees of the client. The market value is the total turnover of agencies from the provision of these services. Services such as employee leasing and independent contracting are not included.

The French employment services market recorded revenues of \$19.6 million in 2023, representing a negative compound annual growth rate (CAGR) of 5.1% between 2018 and 2023.

Market consumption volumes declined with a negative CAGR of 0.02% between 2018 and 2023, to reach a total of 0.8 million average number of temporary agency employees in 2023.

The growth in the French employment services market is influenced by several

macroeconomic factors, such as rising GDP and growing business confidence.
