## Abstracts

Energy Consumption in Europe

### SUMMARY

Energy Consumption in Europe industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2013-17, and forecast to 2022). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

### SYNOPSIS

Essential resource for top-line data and analysis covering the Europe energy consumption market. Includes market size and segmentation data, textual and graphical analysis of market growth trends, leading companies and macroeconomic information.

### KEY HIGHLIGHTS

The energy consumption sector is defined as the energy consumption by industry, transport, residential, commercial, agricultural, and fishing consumers and markets.

The European energy consumption sector had total revenues of \$1,369.4bn in 2017, representing a compound annual rate of change (CARC) of -0.4% between 2013 and 2017.

Sector consumption volume increased with a compound annual growth rate (CAGR) of 0.7% between 2013 and 2017, to reach a total of 1,646.9 million toe in 2017.

Many consumers are exceptionally price sensitive, keeping prices down as low as possible. Given the historically low cost of oil attained in 2015, margins among suppliers would have been squeezed further than normal. Since then, however, pressure on suppliers has eased due to growth in the oil price.

## **SCOPE**

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the energy consumption market in Europe

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the energy consumption market in Europe

Leading company profiles reveal details of key energy consumption market players' global operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the Europe energy consumption market with five year forecasts by both value and volume

## **REASONS TO BUY**

What was the size of the Europe energy consumption market by value in 2017?

What will be the size of the Europe energy consumption market in 2022?

What factors are affecting the strength of competition in the Europe energy consumption market?

How has the market performed over the last five years?

What are the main segments that make up Europe's energy consumption market?
