The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The footwear market consists of the total revenues generated through the sale of all types of men's, women's and children's shoes. It includes all footwear categories for men, women, boys and girls, but excludes sports-specific footwear.

The Russian footwear market is expected to generate total revenues of \$12.4bn in 2018, representing a compound annual growth rate (CAGR) of 4% between 2014 and 2018.

The women's footwear segment was the market's most lucrative in 2018, with total revenues of \$5.9bn, equivalent to 47.4% of the market's overall value

The growing popularity of sports footwear is driving growth in the market, thanks to the 'athleisure' trend that has swept across the world.
