The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The construction market is defined as the value of work put in place annually for both, residential and non-residential construction.

The French construction industry had total revenues of \$386.0 billion in 2021, representing a compound annual growth rate (CAGR) of 5.1% between 2016 and 2021.

The Non-Residential construction segment was the industry's most lucrative in 2021, with total revenues of \$232.1 billion, equivalent to 60.1% of the industry's overall value.

Decline in 2020 can be attributed to the COVID-19 pandemic which greatly impacted the French construction market as supply chain disruptions delayed construction projects and inhibited growth in the market.
