France Publishing Market Summary, Competitive Analysis and Forecast, 2017-2026

SUMMARY

Publishing in France industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2017-21, and forecast to 2026). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The publishing market consists of books, newspapers and magazines.

The French publishing market had total revenues of \$8.2 billion in 2021, representing a compound annual growth rate (CAGR) of -4.3% between 2016 and 2021.

The books segment accounted for market's the largest proportion in 2021, with total revenues of \$3.3 billion, equivalent to 40.3% of the market's overall value.

An improving economic situation and increased employment prospects in France in the aftermath of the pandemic should boost consumer confidence and increase spending power. This will benefit the publishing market, meaning that the overall rate of decline will be lower than historic in previous years.
