Generics in Mexico

SUMMARY

Generics in Mexico industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2015-19, and forecast to 2024). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

For the purposes of this profile, a generic drug is defined as a copy of an ethical (prescription) drug formerly protected by patents that have now expired. Both unbranded generics and all branded generics are included. However, off-patent drugs that continue to be offered by the original manufacturer under the original name, and which form part of the 'generic-eligible' market, are not included.

The Mexican generics market had total revenues of \$6.6bn in 2019, representing a compound annual growth rate (CAGR) of 9.9% between 2015 and 2019.

Market consumption volume increased with a CAGR of 1.4% between 2015 and 2019, to reach a total of 91.9% in 2019.

A growing middle class and better access to health care services are greatly increasing consumer demand for pharmaceutical products, including generics, in Mexico.
