Abstracts

Global Aerospace & Defense Industry Profile & Value Chain Analysis

SUMMARY

Global Aerospace & Defense industry profile provides top-line qualitative and quantitative summary information including: market size (value 2012-16, and forecast to 2021). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the sector

The value chain analysis reveals the business activities which comprise the global aerospace & defense sector value chain. All key stages are highlighted, along with examples of companies active, and assessments of the burning issues for every stage of the value chain. Key value chain stages analyzed include raw materials, component production, assembly, aerospace & defense companies, and end users.

SYNOPSIS

Essential resource for top-line data and analysis covering the global aerospace & defense sector. Includes market size and segmentation data, textual and graphical analysis of market growth trends, leading companies and macroeconomic information.

KEY HIGHLIGHTS

Aerospace & defense companies mostly outsource manufacture/assembly to large contract manufacturing companies (CMCs), although some companies do manufacture in house.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, major segments, and leading players in the aerospace & defense sector

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the global aerospace & defense sector

Leading company profiles reveal details of key aerospace & defense sector players' global operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the global aerospace & defense sector with five year forecasts

Quickly and easily identify the key stages and sub-stages of the global aerospace & defense sector value chain

See examples of companies active at each stage of the global aerospace & defense sector value chain

Examine trends and burning issues impacting the global aerospace & defense sector value chain

REASONS TO BUY

What was the size of the global aerospace & defense sector by value in 2016?

What will be the size of the global aerospace & defense sector in 2021?

What factors are affecting the strength of competition in the global aerospace & defense sector?

How has the sector performed over the last five years?

Who are the top competitors in the global aerospace & defense sector?

What are the key stages and sub-stages of the global aerospace & defense sector value chain?

Contents

- Executive Summary
- Value chain analysis
- Market value
- Market value forecast
- Category segmentation
- Geography segmentation
- Market rivalry
- Market Overview
- Market definition
- Market analysis
- Value Chain Analysis
- Aerospace and Defense market complete value chain overview
- Raw Materials
- Component Production
- Assembly
- Aerospace & Defense Companies
- End Users
- Market Data
- Market value
- Market Segmentation
- Category segmentation
- Geography segmentation
- Market Outlook
- Market value forecast
- Five Forces Analysis
- Summary
- Buyer power
- Supplier power
- New entrants
- Threat of substitutes
- Degree of rivalry
- Leading Companies
- Airbus Group SE (formerly Airbus Group NV)
- The Boeing Company
- Lockheed Martin Corporation
- United Technologies Corporation
- Methodology
