The value of the global nuclear energy industry grew by 3.6% in 2021, as its output increased by 1.2%, recovering after a decline posted in 2020.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, and leading players in the nuclear energy market in the global

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the global nuclear energy market

Leading company profiles reveal details of key nuclear energy market players' global operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the Global nuclear energy market with five year forecasts

REASONS TO BUY

What was the size of the Global nuclear energy market by value in 2021?

What will be the size of the Global nuclear energy market in 2026?

What factors are affecting the strength of competition in the Global nuclear energy market?

How has the market performed over the last five years?
