Global Reinsurance Market Summary, Competitive Analysis and Forecast to 2027

Summary

Global Reinsurance industry profile provides top-line qualitative and quantitative summary information including: market size (value 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

The market value reflects reinsurance accepted premiums, that is classified into life and non-life reinsurance. Reinsurance accepted premiums are the total premiums collected by both pure reinsurers and primary insurers residing in the country as part of reinsurance agreements.

The global reinsurance market had total ceded premiums of \$439.7 billion in 2022, representing a compound annual growth rate (CAGR) of 6.9% between 2017 and 2022.

The non-life reinsurance segment accounted for the market's largest proportion in 2022, with total ceded premiums of \$229.3 billion, equivalent to 52.2% of the market's overall value.

In 2022, the global property reinsurance market entered a 'hard market' stage of the cycle, which is marked by increased pricing, particularly in the activity

associated with natural catastrophes.
