Global Satellites and Space Launches Market @Summary, Competitive Analysis and Forecast to 2027

SUMMARY

Global Satellites and Space Launches industry profile provides top-line qualitative and quantitative summary information including: market size (value and volume 2017-22, and forecast to 2027). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The satellites and space launches market describes the total cost of successful launching of small, medium and heavy object launched into orbit using rockets. The volume refers to all successful launches performed globally and value is calculated by multiplying the volume by the average weighted price of the individual launch. The market share represents companies with the highest amount of launches in any given year. All market data and forecasts are represented in nominal terms (i.e., without adjustment for inflation) and all currency conversions used in the creation of this report have been calculated using constant 2021 annual average exchange rates.

The global satellite and space launches market is expected to generate total revenues of \$2.5 billion in 2022, representing a compound annual growth rate (CAGR) of 17.1% between 2017 and 2022.

The number of launches is estimated to increase with a CAGR of 15.4% between 2017 and 2022, to reach a total of 186 launches in 2022.

In terms of the number of launches, North America is the dominant region and expected to account for 41.9% of all launches in 2022, followed by Asia-Pacific and Europe.

SCOPE

Save time carrying out entry-level research by identifying the size, growth, and leading players in the satellites and space launches market in the global

Use the Five Forces analysis to determine the competitive intensity and therefore attractiveness of the global satellites and space launches market

Leading company profiles reveal details of key satellites and space launches market players' global operations and financial performance

Add weight to presentations and pitches by understanding the future growth prospects of the Global satellites and space launches market with five year forecasts

REASONS TO BUY

What was the size of the Global satellites and space launches market by value in 2022?

What will be the size of the Global satellites and space launches market in 2027?

What factors are affecting the strength of competition in the Global satellites and space launches market?

How has the market performed over the last five years?
