Key Highlights

Non-life insurance is defined as any insurance not determined to be life insurance. It includes automobile and homeowners' policies and provides payments depending on the loss from a particular financial event. The market value is measured by the written premium generated by market players within a given year.

The global non-life insurance market recorded written premiums of \$3,602.8 billion in 2023, representing a compound annual growth rate (CAGR) of 6.3% between 2018 and 2023.

The motor segment accounted for the market's largest proportion in 2023, with total written premiums of \$863.3 billion, equivalent to 24.0% of the market's overall value.

The global non-life insurance market is experiencing significant growth, driven by rising awareness of the importance of insurance in safeguarding assets and mitigating financial risks. This heightened awareness has led to an increase in

the number of active non-life insurance policies. According to the Australian Prudential Regulation Authority, in 2023, the number of active non-life insurance policies in Australia reached 101.1 million, an increase of 8.6% from the previous year.
