KEY HIGHLIGHTS

The government spending sector is the total amount of public sector expenditure at any sort of level, including central government, local government etc. It is split into the following segments: defense, education, social protection, healthcare, and other.

The Mexican Government Spending sector had total revenues of \$302.1bn in 2019, representing a compound annual growth rate (CAGR) of 5.9% between 2015 and 2019.

The social protection segment was the sector's most lucrative in 2019, with total revenues of \$63.0bn, equivalent to 20.9% of the sector's overall value

Mexico suffers from high inequality in terms of income and the incumbent government wants to implement targeted policy interventions in the form of increased social spending to improve the welfare of the low-income population.
