KEY HIGHLIGHTS

The government spending sector is the total amount of public sector expenditure at any sort of level, including central government, local government etc. It is split into the following segments: defense, education, social protection, healthcare, and other.

The Spanish government spending sector had total revenues of \$420.1bn in 2020, representing a compound annual growth rate (CAGR) of 1.1% between 2016 and 2020.

The social protection segment was the sector's most lucrative in 2020, with total revenues of \$211.8bn, equivalent to 50.4% of the sector's overall value.

Looking forward to 2021, a significant boom in government spending in 2021 can be attributed to government plans to spend its highest ever amount on

social issues.
