Greece In-depth PESTLE Insights

SUMMARY

This PESTLE country analysis report on Greece provides a holistic view of the country, with insightful analysis of current and future issues, supplemented with relevant quantitative data to support trend analysis.

SYNOPSIS

Understand the political system in Greece through analysis of key figures in the country and governance indicators.

Understand the economic situation in Greece through a balanced assessment of core macroeconomic issues.

Understand customer demographics in Greece through analysis of income distribution and the rural-urban split, as well as healthcare and education.

Understand the technological landscape in Greece through analysis of relevant laws and policies, as well as patents data.

Understand the legal landscape in Greece through analysis of the judicial system as well as performance of the legal indicators

Understand the environmental landscape in Greece through analysis of the environmental regulations and the performance of the environmental indicators

SCOPE

The political landscape section discusses the evolution of the political scenario in Greece, as well as the country's economic, social, foreign, and defense policies. The section also discusses the country's performance according to World Bank Governance Indicators.

The economic landscape section outlines the evolution of Greece 's economy, as well as the country's performance in terms of GDP growth, composition by sector (agriculture, industry, and services), fiscal situation, international investment position, monetary situation, credit disbursement, banking sector, and employment.'

The social landscape section analyzes the government's social welfare policies, as well as the country's performance in terms of healthcare, income distribution, and education.

REASONS TO BUY

What is the outlook in Greece in terms of political stability, policies towards business, and the popularity of the government?

How does Greece perform in terms of GDP growth, its fiscal situation, international investment position, monetary situation, and employment?

How does Greece perform in terms of healthcare, income distribution, and education?

How does Greece perform in terms of technology-intensive sectors like IT, life sciences, and R&D expenditure trends?
