KEY HIGHLIGHTS

The gyms, health & fitness clubs market refers to clubs that provide exercise facilities such as weight and exercise machines, fitness classes, personal training and other services such as health and beauty facilities, food and drink, clothing and equipment, designed for users to improve and maintain their physical health. Market revenues are calculated as the membership fees paid to clubs. All market data and forecasts are represented in nominal terms (i.e. without adjustment for inflation) and all currency conversions used in the creation of this report have been calculated using constant 2020 annual average exchange rates.

The German gyms, health and fitness clubs market is forecast to generate total revenues of \$5.8bn in 2021, representing a compound annual rate of change (CARC) of -0.5% between 2017 and 2021.

According to the WHO and European Commission's Germany physical activity fact sheet, 39% of its adult population between the ages of 18-65 take part in the recommended amount of physical activity.

The lockdown and social-distancing measures imposed to contain the ongoing pandemic have prevented gyms and health and fitness club operators from generating revenues from new and existing users.
