Haircare in United States

SUMMARY

Haircare in the United States industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2015-19, and forecast to 2024). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The haircare market consists of retail sales of shampoo, conditioner, hair colorants, hair loss treatments, perms and relaxers, styling agents and salon hair care. The market is valued according to retail selling price (RSP) and includes any applicable taxes. All currency conversions used in the creation of this report have been calculated using constant annual average 2019 exchange rates.

The US haircare market had total revenues of \$13,587.3m in 2019, having registered a compound annual growth rate (CAGR) of 3.3% between 2015 and 2019.

Market consumption volume increased with a CAGR of 2.2% between 2015 and 2019, to reach a total of 1,622.5 million units in 2019.

The haircare market in the US is fairly mature and saturated and therefore developing innovations that allow for price increases is becoming increasingly

difficult. However, haircare companies are trying to expand their market share by looking for opportunities in niche markets, including targeting specific demands, such as products with natural or organic ingredients.
