SUMMARY

Healthcare Providers in Nigeria industry profile provides top-line qualitative and quantitative summary information including: market share, market size (value and volume 2016-20, and forecast to 2025). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The healthcare providers sector is valued as total expenditure on healthcare in each country. This includes final consumption spending on healthcare goods and services.

The Nigerian healthcare providers sector had total revenues of \$17.2bn in 2020, representing a compound annual growth rate (CAGR) of 15% between 2016 and 2020.

The outpatient care segment was the sector's most lucrative in 2020, with total revenues of \$7.2bn, equivalent to 42% of the sector's overall value.

With scope for improvements in the national insurance program, the burden on patients of out-of-pocket payments is expected to be reduced

in the mid%li%to long-term, and this could see the inpatient care segment increase as a revenue stream for providers.
