Summary

Healthcare Providers in United Arab Emirates industry profile provides top-line qualitative and quantitative summary information including: market size (value 2019-24, and forecast to 2029). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

Key Highlights

Healthcare providers market encompasses the total expenditure on healthcare in each country. It covers all the final consumption spending on healthcare goods and services. The market is segmented into inpatient care, outpatient care, long-term care, medical goods, and collective services and capital formation.

The Emirati healthcare providers market recorded revenues of \$24.9 million in 2024, representing a compound annual growth rate (CAGR) of 6.3% between 2019 and 2024.

The outpatient care segment accounted for the market's largest proportion in 2024, with total revenues of \$9.1 million, equivalent to 36.6% of the market's overall value.

The Emirati healthcare providers market is growing due to the government's push to expand medical tourism. In September 2024, the Dubai Health Authority (DHA) and the Dubai Department of Economy and Tourism (DET) signed an

MoU to boost Dubai's share in the global medical tourism market. This initiative has driven higher patient volumes and revenue growth for both public and private healthcare providers.
