KEY HIGHLIGHTS

The home & garden products market consists of gardening and outdoor living products, home improvement products, and homewares. Gardening and outdoor living includes garden buildings, manual and electric garden tools, garden utensils, outdoor living products (garden furniture, barbecues, ornaments), and plants and growing media (bulbs, compost, domestic fertilizer, flowering plants, seeds, shrubs and trees). Home improvement includes retail (not trade) sales of decorating materials (paint, varnish, wall tiles, wallpaper), Electricals hardware (alarms, light fittings, plugs, switches), hardware (brackets, locks, nails, bolts, nuts, etc.), other materials (adhesive, aggregates, boards, cement, doors, window frames, glass, bricks, timber, etc.), and manual and power tools. Homewares includes retail sales of home hardware (crockery, cutlery, glassware, rubbish bins, storage, mechanical utensils and home devices e.g. scales), lamps and lampshades, textiles and soft furnishings (bathroom textiles, beddings, cushions, futons, hammocks, mattresses, table linen, furniture covers,

doormats), and window dressings (blinds, curtain poles, rails, curtains, hooks). All market data and forecasts are represented as a consumer expenditure in retailers which includes sales taxes (e.g. VAT) and figures presented are in nominal terms (i.e., without adjustment for inflation) and all currency conversions used in the creation of this report have been calculated using constant 2020 annual average exchange rates.

The Australian home and garden products retail market had total revenues of \$20.2bn in 2020, representing a compound annual growth rate (CAGR) of 5.5% between 2016 and 2020.

The home improvement segment was the market's most lucrative in 2020, with total revenues of \$14.7bn, equivalent to 72.8% of the market's overall value.

As homeownership becomes increasingly unaffordable in Australia, renting could become a more popular option. This could contribute to a slowdown in market growth over the forecast period as renters are more reluctant to invest large amounts of time and money in renovating and redecorating a property that doesn't belong to them.
