SCOPE

The political landscape section discusses the evolution of the political scenario in Hong Kong, as well as the country's economic, social, foreign, and defense policies. The section also discusses the country's performance according to World Bank Governance Indicators.

The economic landscape section outlines the evolution of Hong Kong 's economy, as well as the country's performance in terms of GDP growth, composition by sector (agriculture, industry, and services), fiscal situation, international investment position, monetary situation, credit disbursement, banking sector, and employment.

"

The social landscape section analyzes the government's social welfare policies, as well as the country's performance in terms of healthcare, income distribution, and education.

REASONS TO BUY

What is the outlook in Hong Kong in terms of political stability, policies towards business, and the popularity of the government?

How does Hong Kong perform in terms of GDP growth, its fiscal situation, international investment position, monetary situation, and employment?

How does Hong Kong perform in terms of healthcare, income distribution, and education?

How does Hong Kong perform in terms of technology-intensive sectors like IT, life sciences, and R&D expenditure trends?
