Hotels and Motels in Australia - Market Summary, Competitive Analysis and Forecast to 2025

SUMMARY

Hotels & Motels in Australia industry profile provides top-line qualitative and quantitative summary information including: market size (value 2016-20, and forecast to 2025). The profile also contains descriptions of the leading players including key financial metrics and analysis of competitive pressures within the market.

KEY HIGHLIGHTS

The hotels & motels industry consists of establishments that provide paid lodging and full guest services, typically with a continuous staff presence. In the case of motels, this includes off-street parking facilities, but not necessarily meal services. The industry is detailed in both value and volume terms.

The Australian hotels and motels industry had total revenues of \$4.0bn in 2020, representing a compound annual rate of change (CARC) of -19.4% between 2016 and 2020.

The number of establishments increased with a compound annual growth rate (CAGR) of 2% between 2016 and 2020, to reach a total of 4,813.0 in 2020.

The contraction of the Australian industry in terms of value has been induced by the declining average price of accommodation, due to the strong growth of

supply.
